### **PACT360 Train-the-Trainer Presentation**

The Partnership for a Drug-Free America and the Office of Drug Control Policy in coordination with Youth & Shelter Services, Inc. will be delivering a comprehensive Train-the-Trainer presentation of the PACT360 (Police and Communities Together) program, an informative community education program designed to deal with existing drug issues and rapidly respond to emerging drug threats.

The presentation will provide an overview of four different programs designed specifically for parents and teens to provide them with up-to-date information about today's drug and alcohol landscape. Each of the training sessions contains expert tips on how to deliver the individual program proficiently and what tools and resources are needed to bring the PACT360 program to your community. At the conclusion of the training participants will be prepared to present the programs in their communities as well as train others how to use the materials.

The goal of PACT360 is to help reduce illicit drug use and its accompanying criminal behavior thereby improving the safety and quality of life of the community.
